(6) Government Order No. 10120-31—L. B. (304 of 04)-2 of the 6th May 1905, sanctioning the District Fund budget estimates of the Mysore District for the year 1905-06.

II. Read docket No. G. 5270—G. M. 139 of 03-04 of the 22nd March 1905, from the Secretary to the Government of Mysore in the Revenue and General Department, calling for the opinion of the District Board regarding the raising of the waste-weir of the Attigude tank in the Hunsur Taluk, for supplying drinking water to the people and cattle attending the shandy.

Resolved that, as a well would be cheaper than improving the tank in question, which is estimated by the Amildar of the Taluk to cost more than Rs. 1,900, an estimate for the same be called for.

III. Read docket No. 9099—L. B. (304-04)-2 of the 1st April 1905, from the Revenue and General Department Secretary, requesting that the subject of acquiring certain lands for locating the houses of Holeyars at Saligram in the Yedatore Taluk, may be placed before the District Board.

Resolved that the acquisition of the land which is estimated to cost Rs. 510 be undertaken from the District Funds.

IV. Read Docket No. 9153—L. B. (316 of 04)-2 of the 6th April 1905, from the same officer, requesting to be informed whether the District Board is willing to bear ⅔rds of the cost required for sinking a well at Chamrajnagar.

Resolved that as the well does not appear to be necessary, the Board were not willing to contribute any amount towards it; it was further decided that the Municipal Board of Chamrajnagar be advised to arrange for the clearing of the silt from the present honda, known as Dodde Arasinakola, which supplies good drinking water to the whole of the townspeople, and to keep its surroundings clean, as this arrangement would answer all the purposes.

V. Read docket No. 9436—L. B. (322-04)-6 from the same officer, calling for the views of the District Board on an estimate for Rs. 600 prepared for constructing a katte at shandy plain at Santemarahalli in the Chamrajnagar Taluk, for affording water convenience to the cattle collecting on the plain on shandy days.

Resolved after hearing the suggestion of the Executive Engineer of the Mysore Division, who had inspected the place at the request of the President, that the existing honda near the village be improved at a cost of Rs. 600.

VI. Read docket No. 9935—L. B. (331-04)-2 of the 27th April 1905, from the Revenue and General Secretariat, calling for the views of the District Board, anent the continuance or otherwise of the allowance of Rs. 4 per mensem to one Narasimiah, a native pandit at Kalale in the Nanjangud Taluk.

Resolved that as a native pandit has recently been appointed at Hura, which is only three miles distant from Kalale, and as Nanjangud, where there is a Local Fund Dispensary is close by Kalale, the Board would not entertain an extra pandit.

VII. Read docket No. 10180—L. B. (342 of 04)-2 of the 5th May 1905, from the same officer, requesting that the estimate for improving the cart-track from Settihalli village to the Bangalore-Mysore road, towards which half the cost has been contributed, by the villagers, may be placed before the District Board.

Resolved that as the raiyats have come forward so well in contributing a sum of Rs. 800 and odd and in making a free gift of the land to widen the track in certain places, a contribution of Rs. 850 be made from the funds of the Board, and that the work be put in hand as early as possible.

VIII. Read Government Official Memorandum No. 10409—L. B. (347-04)-2 of the 15th May 1905, regarding the removal of Mirle village to a healthier locality; the information furnished by the Amildar of the Yedatore Taluk on the subject was also read to the Board.

Resolved that the removal of many of the houses from the existing town is a *desideratum*, considering the unhealthy locality in which they are located, that the site proposed by the Amildar where an extension can be formed, is in every way suitable, and that the question of cost, if any, be left to the disposal of the executive.

IX. Read docket No. 10491—L. B. (21 of 1904)-9 of the 15th May 1905, from the Secretary to the Government of Mysore in the Revenue and General Department, calling for a full report regarding the removal of dampness in the Manchanahalli village of the Yedatore Taluk; correspondence ending with Yadi No. 1207 of the 24th May 1905, from the Assistant Commissioner of the Hunsur Division, was also placed before the Board. The District Medical and

Sanitary Officer explained orally to the Board that if real and undoubted benefit is to be afforded to the inhabitants of the village, the conversion of all the paddy fields measuring about 60 acres is absolutely necessary.

Resolved that as the villagers have executed a muchalika expressing a ready willingness to throw out of cultivation about 18 acres of land close to the village at their own cost, the result of experiment be watched for one year, at the end of which the question of stopping further wet cultivation be taken up for consideration if the present experiment proves successful.

X. Read docket No. 10696—Ml. (135 of 04)-6 of the 19th May 1905, from the same officer, requesting that the estimate for fitting the dispensary building at Nanjangud with shelves, etc., may be considered by the District Board.

Resolved after taking the suggestion of the District Medical and Sanitary Officer who had recently inspected the dispensary, that two almirahs, two chairs and two wooden boxes be supplied to it as they are portable in case a Government building be constructed for the dispensary.

XI. Read docket No. 9983 of the 7th June 1905, from the Revenue Commissioner in Mysore, stating that as the establishment and management of santes have to be considered by the District Boards, under the Local Boards Regulation, II of 1902, the question of opening them at Basaral (Mandya Taluk) and Chunchanakatte (Yedatore Taluk) may be at first discussed in a meeting of the Board.
